# Homes for Business Men

After a long, hard day, think of coming to your own cozy home in GOVERNMENT HILL. Think of settling back in your easy chair to spend a restful evening before your cheerful fireplace. Think of the satisfaction of being able to call this home your own. To the man who slavishly pays rent to an arrogant landlord this seems like a fanciful dream never to be fulfilled. If you are such a man quit dreaming and act. It is possible for you to own a beautiful home.

## Within the Reach of Anybody

Pay \$10 down and \$5 a month and you will have a clear title to your home almost before you realize it. Don't say you can't make the small payments, you can. Dozens of home owners have done it. Dozens more are doing it now. Investigate.

## LONDON COAL MEN REAP RICH HARVEST

### Threatened Strike Causes a Rush Demand For Coal in England.

London, England, Jan. 12.—Coal dealers here are reaping a rich harvest in consequence of the Baller coal miners' election which unofficial reports state, to be largely in favor of a nationwide strike for a fixed minimum wage scale.

This affects about 30,000 men. There is no doubt that the requisite two-thirds majority in favor of a strike has been secured, but that fact does not necessarily mean a strike for the employers and workers have until the end of February to reach a settlement and the prospects of an agreement being arrived at are favorable.

## PUBLIC NOTICE.

Now Is the Time

For the El Paso taxpayers and citizens to get together and discuss El Paso's future. Quarrelling and fighting will do no good. Let us encourage more manufacturing enterprises and boost. Now we are assured of the Pearson mills, which will employ 100 or 400 men; good prospects of a new railroad; conditions have quieted down in Mexico; we have many good things to say about El Paso. A new factory is being built now that there has been nothing said about, that means more for El Paso than the Pearson interests when the goods from this factory will be shipped all over the country with the name of the location and El Paso on it. El Paso has already had her name on thousands of packages. This factory gave an El Paso house the largest single order ever made in the city and paid cash for it yesterday. That order was made to the Western Woodware company for empty bottles to put up their goods. The goods are in great demand. Sold under a guarantee by all druggists. It cures Dun-druff, Stops Falling Hair and Makes You Step Scratching Your Head. It's the Mexican Herb Hair Tonic.
